

SC# 312

**EPSON**

S020126

## Safety data sheet

25 April, 1997

### 1. Identification of the product and of the company/undertaking

#### 1.1. Identification of the product:

INK CARTRIDGE S020126

Part #

#### 1.2. Company/undertaking identification:

Company name:

Address:

Phone:

Fax:

Contact person:

### 2. Composition information on ingredients

Ingredients: Company Secret  
(Mixture: water-soluble ink)

### 3. Hazards identification

No hazardous classification

### 4. First aid measures

|            |                              |
|------------|------------------------------|
| Swallowed: | No required.                 |
| Eye:       | Flush thoroughly with water. |
| Skin:      | Wash with soap and water.    |
| Inhaled:   | No required.                 |

### 5. Fire-fighting measures

|                               |                               |
|-------------------------------|-------------------------------|
| Flammability:                 | None                          |
| Suitable extinguishing media: | Dry chemical, carbon dioxide. |

### 6. Accidental release measures

If the ink spilt, use sponge to wipe up the ink.  
Place it in closed container for property disposal.

## S020126

## 7.1. Handling

**Do not dismantle the cartridge.**

## N

**None required when used as intended in EPSON equipment.**

Exposure standards : None

Exposure standards : None

**Engineering controls:** Not applicable

**Personal protection:** None required when used as intended in EPSON equipment.

Appearance :                      Magenta

**Appearance :** Magenta liquid

Odor : No odor

pH :                      Approximately 9-10                      at room temperature

|                 |                   |
|-----------------|-------------------|
| Boiling point : | No data available |
|-----------------|-------------------|

**Melting point :** No data available

**Flashing point :** Over 110°C in accordance with ASTM D3278

**Autoflammability :** None

**Explosive properties : None**

**Oxidizing properties : None**

Vapor pressure : No data available

Relative density : 1.07 at 20°C

**Solubility in water :**

**Solubility in fat :** No data available

Partition coefficient : No data available

**Viscosity :**                less than 5 mPa.s                      at 20°C

**Stability :**

Stability : Stable

**Hazardous polymerization :** Will not occur

**Hazardous decomposition products:** None

## 11. Toxicological information

\*Based on toxicology data of chemically similar material.

### Acute toxicity :

Oral LD<sub>50</sub> : > 5g/kg (Rats)\*  
Dermal LD<sub>50</sub> : No data available  
Inhalant LC<sub>50</sub> : No data available

### Irritation :

Skin : Non-irritating (Rabbits)\*  
Eye : Non-irritating (Rabbits)\*  
Sensitization : Non-sensitizing\*

Carcinogenicity : None (Not listed in NTP, IARC Monographs, OSHA  
Regulated, MAK list and Annex I of 67/548/EEC)

Mutagenicity : None (by Ames test)\*

## 12. Ecological information

No data available

## 13. Disposal considerations

Dispose of in accordance with federal, state and local regulations.

## 14. Transport information

No hazardous classification

## 15. Regulatory information

## 16. Other information

### Recommended uses :

Ink for EPSON ink-jet printers

### Restrictions :

Information on this data sheet represents our current data and the best opinion as to the proper use in handling of this product under normal conditions specified in our User's Manual. However, neither Seiko Epson Corporation nor any of its subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we do not guarantee that these are the only hazards that exist.
